Group number and Name: May1614 UBR4 iOS Development
Client: ISU/ Reiman Gardens / Nathan + Amita
Advisor: Diane Rover
Attendees/Role: Blake, Mason, DJ, Matt, Kyle, Yu Jin, Eric

✓ **Past week accomplishments (please describe as what, who, when)**
   ❖ Began work on our design document due at the end of next week
   ❖ Mason set up user stories on Trello for all of our Swift tutorials so we can easily track progress
   ❖ Matt, Mason and Yu Jin went on a mock butterfly survey with Nathan to get experience with the current Android app

✓ **Plan for coming week (please describe as what, who, when)**
   ❖ Each member will work on finishing up Swift tutorials and track updates via Trello
   ❖ DJ will continue working on our UI mockup, working off of the Android app screens
   ❖ Kyle and Eric will keep working on development of database structure to work with existing butterfly database from Amita.

✓ **Pending issues**
   ❖ Getting our butterfly database and login to work with the new system UBR3 team is developing.

✓ **Individual contributions**
   ❖ Matt is learning to use XCode and completing tutorials on the Swift programming language
   ❖ DJ is designing a UI mockup to show for our presentation at the end of the semester

❖ Blake is working on designing a simple single-page iOS app using Xcode.
❖ Mason organized the Mock Survey with Nathan and a few members of the team.

✓ **Individual hourly contribution**
